Dear Biju:

RE: Certificate of Substantial Performance
Clifton Public School Siporex Roof Replacement 2026

Please find enclosed a copy of the Certificate of Substantial Performance for this project.

Provided no liens have been registered against the property, statutory holdback for the project will become due 60 days after completion of the project. Please forward the following information to us so that we may begin to process the final payment certificate for Release of Holdback:

- Request for Release of Holdback;
- WSIB Clearance Certificate;
- Statutory Declaration;
- Contractor's written warranty and any specialty warranties that exist for the project; and,
- Confirmation of publication of substantial performance.

We have completed periodic site reviews throughout the work, including a joint final review with the Contractor. We hereby certify that:

1. The work or a substantial part thereof is ready for use and may be used for the purpose intended,

   and

2. The work is Substantially Performed. The work to be done under the Contract is capable of completion or correction at a cost of not more than $10,000, which is less than the $30,519.97 maximum limit required by the Construction Act.

The issuance of this Certificate does not release the Contractor or any Subcontractor from the duty of completing the Work pursuant to the terms of the Contract.

The date of substantial performance defines the start of the warranty period. As such, the warranty will expire on October 28, 2028.

Should you have any questions or concerns, please contact us at 905-639-2552.

Yours truly,

MTE Consultants Inc.
